1.0 INTRODUCTION / WELCOME

1.1 WELCOME

We extend a warm welcome to our International and National competitors, competing in the FIA Asia Pacific Rally Championship, Brian Green Property Group New Zealand Rally Championship, or Allcomers section of the event.

With the exciting news that the FIA APRC final will be held at Rally Whangarei competitors could register to compete at Otago to qualify for a spot at the FIA APRC Final.

Events are:

- **Central Machine Hire Rally Otago (Dunedin)** – Now Completed.
- **International Rally of Whangārei** – from 8 – 10 November

The International Rally of Whangārei is also a round of the Brian Green Property Group New Zealand Rally Championship.

With our rally base again at Pohe Island, it is only 3 minutes from the great Cafes and Restaurants at the Town Basin and 6kms from Whangārei Airport. International visitors may prefer the easy 3-hour drive north from Auckland International Airport. We recommend staying at our official hotel, the Distinction Hotel, opposite the Town Basin which is a quick 20-minute walk (1.5kms) to the service park. Please contact the Secretariat to make your bookings at a discounted rate.

The rally starts on Friday night with opening ceremony in the centre of Whangarei. On Saturday the rally heads west and north before the Super Special Stage at Pohe Island. The Sunday stages are to the south of the city. The Ceremonial Finish will be held at the Pohe Island Service Park.

If you have any questions, please contact our friendly Officials and we look forward to welcoming you to the International Rally of Whangārei. We know you will enjoy it.

Login with your personalised QR code

- You will receive a personalised QR code via email to your chosen Team Representative's email address.
- Go to the Sportity app (downloadable from your app store)
- If you are logged in already with the generic event password, click the dots to the top right of the

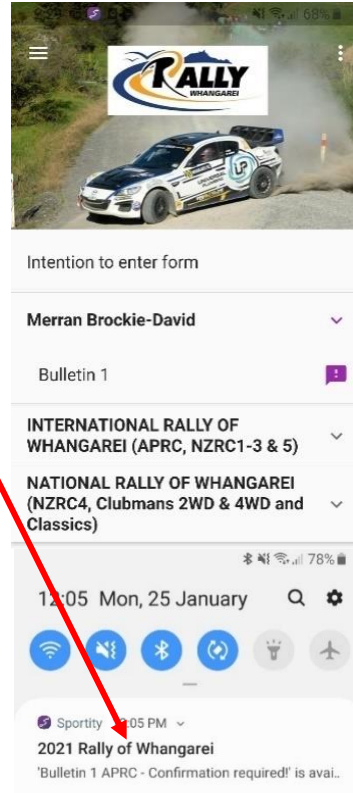

screen in the event app, and select login.

- This will take you to a screen where you can scan your personalised QR code.
NOTE: This can only be scanned ONCE by each team so please make sure it is the correct Team Rep that will be acknowledging all bulletins on event. You will need to open the QR code on one device (for example, your laptop or tablet), and scan the QR code through the Sportity app on the device you wish to use during the event (i.e. Your mobile phone).
- You are now logged in as the Team Representative. **PLEASE DO NOT LOG OUT AFTER THIS.** Your QR code will only work once, if you log out you will not be able to get back in again without contacting the Secretariat to reset your QR code.
- **Important:** It is imperative that your Team Rep logs in with your unique Team's QR code ASAP, as you will not receive the correct notifications without this login. When you first log in, make sure you check to see if there are any outstanding documents for you to acknowledge – these will be listed under your team name at the top (make sure you click on your name) and once clicked on, listed below the team name will be any outstanding documents for you to acknowledge, with a purple exclamation mark next to them.

PROVIDING A READ RECEIPT – FOR EXAMPLE, FOR BULLETINS

- Click the notification stating that confirmation is required, and this will take you to the Bulletin.
- At the bottom of your screen, you will see a note requesting that you **CONFIRM** that you have received and read the document.
- Click the green button that says **CONFIRM**.

- It will then show that you have **confirmed receipt** of the document.

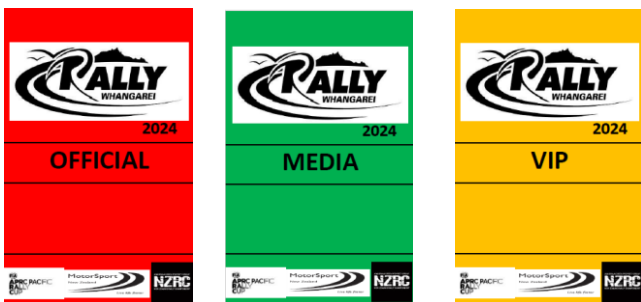

- You are then able to view the document in two places: Under the private documents listed under your Team Name, AND under the usual place – i.e. under Bulletins.
- Note: If you do not click the 'confirmation required' notification, and manually enter the app, you will need to click on your team's name, which will expand the outstanding documents for you to acknowledge, with the purple exclamation mark. Then you can follow the step above to click the green confirm button to acknowledge receipt of the document.
